

Technology Driving Clean Energy Growth Report launch with the TLB & TMN

Agenda

1. Welcome and agenda – Carlo Procaccini (TLB and NSTA)
2. The *Technology Driving Green Energy Growth* study – Kirk Miller (Shell and the TLB)
3. Presentation of key findings – Katya Kozinchenko and Francesca Tate (Accenture)
4. Panel discussion moderated by Stephen Sheal (NZTC)
5. Audience Q&A, please submit questions using Zoom

Download: [Technology Driving Green Energy Growth \(netzerotc.com\)](https://netzerotc.com/Technology-Driving-Green-Energy-Growth)

Discussion Panel

- Katya Kozinchenko, Francesca Tate, Bjorn Bernhardt (Accenture)
- Kirk Miller (Shell / TLB)
- Chetan Laddha (Transformational Energy / TLB)
- Jason Paterson (NZTC)
- Carlo Procaccini (NSTA / TLB)
- Moderated by Stephen Sheal (NZTC)
- **Please submit questions using Zoom (QA box at the bottom, either named or anonymous)**

Report Content

01

Green hydrogen **16**

I. Introduction	17
II. Key messages	18
III. A view of the industry	20
IV. Technology opportunities	22
V. Achieving commercialisation	42
VI. Taking steps to meet the UK's milestones	44

03

CCS **68**

I. Introduction	69
II. Key messages	70
III. A view of the industry	72
IV. Technology opportunities	74
V. Achieving commercialisation	84
VI. Taking steps to meet the UK's milestones	88

05

Midstream hydrogen **114**

I. Introduction	115
II. Key messages	116
III. A view of the industry	118
IV. Technology opportunities	120
V. Achieving commercialisation	128
VI. Taking steps to meet the UK's milestones	132

02

Floating offshore wind **48**

I. Introduction	49
II. Key messages	50
III. A view of the industry	52
IV. Technology opportunities	54
V. Achieving commercialisation	64
VI. Taking steps to meet the UK's milestones	65

04

Blue hydrogen **94**

I. Introduction	95
II. Key messages	96
III. A view of the industry	98
IV. Technology opportunities	100
V. Achieving commercialisation	108
VI. Taking steps to meet the UK's milestones	112

06

Next steps **136**

References **144**

Abbreviations **149**
